

# Exercising Procedures for Responding to Contamination Incidents

March 26, 2019 at 1:00 pm EDT

Register for the webinar

This webinar will focus on the development of training and exercises to plan and prepare for responding to a distribution system contamination incident. The webinar will include utility experiences designing and conducting exercises.

*Presented by Tom Bahun (Maine Rural Water Association)*

*Gary Burlingame (Philadelphia Water Department)*

*Stacey Black (Jacobs)*

*Bill Platten (U.S. EPA, Water Security Division)*

**Attendees can request documentation for continuing education credits when registering for this webinar. Documentation will be provided after completion of the webinar.**
